NEW

INTRODUCING THE ALL-NEW VOYAGER 4 SERIES, AN EXCITING ADDITION TO THE MUCH LOVED VOYAGER RANGE

Experience ultimate comfort and versatility with exclusive features such as a luton bed over the cab, creating additional sleeping space without compromising on design. Discover three unique layouts, tailored to suit your adventurous spirit. Embrace the journey with Voyager 4 series.

5

FLEXIBLE LIVING SPACE

Revolving captain's chairs plus an electric rise & fall dining table, help to make Voyager the ultimate leisure vehicle for families and people who like to entertain guests.

Life on the road really is a pleasure with Voyager and thanks to the Aguti travelling seats you can take even more passengers along for the ride, including younger ones, due to the inbuilt ISOfix for child seat fittings.

6

PRACTICALITY

When it's time for a bite to eat, Voyager is ready for action with its Thetford oven and grill, three burner gas hob with electric hotplate, and a tall Dometic fridge with 133 litres of storage space, including a 12 litre removable freezer compartment.

STYLE AND COMFORT

With an exclusive Duvalay mattress offering the ultimate in sleep comfort, generous cupboard spaces and stylish fittings throughout, Swift Voyager is a true home from home.

A TOUGH ALL-ROUNDER

Motorhome road trips have never been easier, thanks to the reliability and assurance of Ford. Take your Swift Voyager everywhere, from the cobbled streets of town, to the winding hills and valleys of the countryside.

Voyager's powerful engine and Skeletal chassis from the Ford Transit, make it the ideal motorhome for those road trip holidays where you need to prepare for the unexpected. And with a handy rear garage, available on all models, there's plenty of room for shopping, bikes, suitcases, or whatever holiday bargains you pick up along the way.

VOYAGER FEATURES

Exterior & Construction

- European Whole Vehicle Type Approval ensures compliance with strict weight, dimensions and safety regulations
- Ford Transit Skeletal chassis cab in Magnetic Grey
- Euro 6D 155bhp, 2.0 litre TDCi EcoBlue engine with 6-speed manual transmission
- Partial body colour front bumper and chrome grille with wide bodyside grey mouldings

SWIFT
SMART

SMART is the basis of our intelligent construction system, used across our entire motorhome range. Strong, Modern, Aerodynamic, Resilient and Tested, you can be assured your Swift motorhome is a high quality engineered product.

STRONG
The Strong timberless body frame uses 'PURe', a tough, hard polyurethane based product that is totally impervious to water and has been proven through use.

MODERN
The SMART construction system uses Modern materials and has been developed to ensure the exterior profiles maintain the Modern desirable looks our motorhomes are renowned for.

AERODYNAMIC
We continue to lead the way in Aerodynamics using Computational Fluid Dynamics to help shape the bodyshell for better fuel consumption.

RESILIENT
All fixings are made into the 'PURe' material to a pre-defined depth. 'PURe' is totally impervious to water and has no veins. This means there is no passage for water from the outer skin, making the motorhome highly Resilient to moisture.

TESTED
Extensive safety and durability Testing at the Millbrook track, and cold chamber Testing down to minus 15°C and beyond, puts prototypes through conditions most products will never have to experience in a lifetime; all part of the Swift ethos to deliver the best products.

HAIL RESISTANT GRP ROOF
Woven GRP outer surface provides greater durability from the elements.

GRP SIDEWALLS
Balanced panel side walls with GRP outer and inner skins. GRP is more impact resistant than aluminium and can be easily repaired, ensuring long lasting good looks and helping protect your investment for the future.

FLOOR CONSTRUCTION
'Sandwich' floor construction with ply upper, high rigidity Styrofoam core and GRP outer skin to provide greater durability from the elements.
